

## RSC Wales Text Wall

'Integration – Learning Together' 1<sup>st</sup> July

### Questions for Martin Dougiamas about Moodle 2.0

- Will we be able to access your presentation from today anywhere i.e. An avi file?
- Community hubs will go down well with informal learners and providers
- Any developments with quiz block?
- What are your favourite examples of the communities use of moodle? Matt Chilcott Newport University
- In the light of googlewave and other developments eg the CETIS wookie server
- Has google taken any interest in moodle? Moogoo!
- Can u pls outline any roadmap plans for a mobile interface or presentation layer for moodle? Thx --Rhod (OU)
- Are there any plans to provide secured integration to other open source systems eg wordpress?
- Is Moodle 2.0 significantly different enough to mean that staff development support / training for using Moodle will need to change significantly too?
- How is it going in getting moodlers to open up there sites to allow learners take their own learning journeys in the spirit of open source? CheersMatt Chilcott
- I guess we all would like an up to the minute update on envisaged release date for 'stable' version of MOODLE 2 and of course we would like to know who will Win the ashes :-)

### Comments about the event

- Interesting new developments in moodle ! Good presentation even with mini freezes . . . :-)
- Keynote 1 - very interesting perspective on moodle - great enthusiasm !
- Nice event, well done. Geoffe
